LEHIGH STOVES
AND
RANGES

... OFFICE AND FOUNDRY ...

LEHIGHTON, PENNA.

... 1896 ...

Lehighton, Pa.,

July 1, 1896.

*In presenting this, our Catalogue to the trade for the season 1896,
we would respectfully ask a careful perusal of its pages.*

*We have added new patterns to our line of the famous "Lehigh"
Stoves, which enables us to offer to the trade a complete assortment of
Ranges and Heating Stoves.*

*We employ skilled workmen, use best materials, and always endeavor
to keep our goods up to date both in construction and finish.*

The Lehigh Stove and Mfg. Co.

THE MODEL LEHIGH RANGE,

WITH OR WITHOUT BASE,

For Hard Coal, Soft Coal, or Wood.

THIS RANGE, with its improvements, which are strictly UP TO DATE, is a beautiful example of the stove-maker's art. It possesses all the admirable baking qualities of the famous "LEHIGH" series of ranges, and the latest improvement has placed it in advance of every other range of its class.

THE OVEN THERMOMETER shows the heat of your oven from the outside of the oven door, and enables you to bake with certainty and exactness. IT TELLS YOU WHEN YOUR OVEN HAS REACHED THE RIGHT HEAT AND HELPS YOU TO KEEP IT THERE.

Cut Top, Polished Edges, Duplex Grate, Nickel Name Plate, and Nickel Oven Shelf.

THE UPPER LEHIGH.

SINGLE OR DOUBLE HEATER COMBINED, FULL REVERTIBLE FLUE.

By using ash pit sides the cold air is taken from the floor the whole depth of base, and from base top by four large corner flues which are exposed to fire, conducted to hot air chamber at top of stove, and from there thrown into room below, or by hot air pipe conducted to room above.

It has nickel feet, skirting, name plate, foot rails, panels with tile, swing cover, hot air collar, cap, and urn.

It has large flues, which are cleaned from the front of stove by removing name plate, and an adjustable pipe collar, two desirable features if stove must stand in corner or close to wall. Draw center grate.
